Forecast for Monday 29 Mar 2021

Weather: Outbreaks of light rain expected to clear north in the morning with some long spells of warm sunshine developing.

Maximum wind: Southwesterly 30-35mph, gusts around 60mph over ridges and summits, gradually decreasing 15-20mph.

Chance of cloud free mountain/hill tops above 600m: Little chance at first becoming close 100% by early afternoon.

Visibility: Periods or persistent cloud above 450m clearing northwards through the morning to leave little if any cloud below the summits for the afternoon. Visibility, away from cloud, hazy falling to several kilometres in rain, then becoming good or very good for the afternoon.

Temperature: **Valleys:** Plus 8 Celsius rising to plus 13 in west and perhaps plus 16 Celsius in east
At 600m: Plus 6 rising to plus 10 Celsius
Freezing level: Above summits
